## Kanban Coach Professional (KCP) Professional & Self Coaching (PSC) Master Coach (MC)

### PERSONAL PROFILE

I have been in the IT world since I was 14.

I spent most of my career as a developer using languages like Go and Java. The rest of the time until early 2022 I had experiences as a manager and executive in startups focused on machine learning and cloud computing.

In 2022 I started my journey as an entrepreneur by founding Funccloud.

### SPECIFIC KNOWLEDGE / SKILLS

- Microservices architecture
- Rest API construction
- Project management
- Kanban
- Docker
- Istio
- Open source software management
- Fast learner
- Team player
- Hard working
